PRESIDENTIAL DOCUMENTS

ANNUAL INDEX

VOLUME 3 - 1967

85-175——1

INFORMATION FOR USERS OF THIS PUBLICATION

The *Weekly Compilation of Presidential Documents* began with the issue dated August 2, 1965. It contains transcripts of the President's news conferences, messages to Congress, public speeches, remarks and statements, and other Presidential material released by the White House up to 5 p.m. of each Friday.

The *Weekly Compilation* was developed by the General Services Administration in response to requests for a better means of distributing Presidential materials. GSA believes that a systematic, weekly service will provide users with up-to-date information on Presidential policies and pronouncements. The service is being carried out by the Office of the Federal Register, which publishes similar material in annual volumes entitled "Public Papers of the Presidents of the United States."

The *Weekly Compilation* carries a Monday dateline. It includes an Index of Contents preceding the text and a Cumulative Index to Prior Issues at the end. Cumulation of this index terminates at the end of each quarter and begins anew with the following issue. Semiannual and annual indexes are published separately.

The official distribution for the *Weekly Compilation of Presidential Documents* is governed by regulations published in the Federal Register dated July 31, 1965 (30 F.R. 9573; 1 CFR 32.40). Members of Congress and officials of the legislative, judicial, and executive branches who wish to receive this publication for official use should write to the Director of the Federal Register, stating the number of copies needed and giving the address for mailing.

Information as to subscriptions by members of the public is printed in the publisher's statement below.
